700 x 1000 mm	677 x 977 mm	843 x 1143 x 70 mm	1	36	28,53
1200 x 1800 mm	1777 x 1777 mm	1343 x 1943 x 70 mm	2	72	0,00

Applications

Ideal for large format posters, this premium lockable poster case is waterproof, certified IP56, and suitable for outdoor use. The Lumaire basic panels provide great visibility 24/7. Highly robust due to the ESG safety glass, it ensures easy poster exchange.

Pictures

Please note!

If the connection for the mains power supply to the transformer is outdoors or within a humid environment an IP weather proof connection box (as shown) is required. To avoid this we would recommend the transformer is situated inside the building with the 230-240v connection indoors.
